# New Videos!

**Check out VLJP's new videos about im/migrant rights, ICE interactions, drugs and alcohol, and safe cleaning practices.**

Dear friends and colleagues,

Our team has been hard at work creating videos that share vetted, accurate information about legal rights for refugees, im/migrants, asylees, and asylum seekers. We're grateful for the work you're all doing to share these resources with your networks. Many thanks to our partners at AALV and VAAP for their multilingual community presentation, which VLJP recorded and posted.

In addition, we're happy to share a video about substance misuse that we made with the United Way of Northwest Vermont and two videos about safe cleaning practices that we made with the Vermont Department of Health.

We continue our efforts to raise funds to make videos that share information that we think will be critical under the new administration. Keep your eyes out for a new series on vaccines coming out in the next couple weeks. Given the time-sensitive nature of some topics, we may email you more than once a month in the coming months, just to make sure folks get speedy access to important information.

Wishing you all health, safety, and happiness this season!

In solidarity and with gratitude,

[Alison](#) & [Olivia](#) & [Dani](#)

## Fuel Assistance

A reminder from our friends at Hunger Free Vermont that if you're eligible for SNAP/3SquaresVT, you're likely also eligible for fuel assistance (and vice versa). They have multilingual resources available to share. [Check out their outreach toolkit and scroll down to the Translated Materials section.](#)
